

## ***Styled by Carrozzeria Touring***

**T**he Roadster 2 Liter is the outcome of the close cooperation between Alfa Romeo and Carrozzeria Touring. Provided with excellent features of roominess and comfort, it can attain with the utmost safety quite a considerable speed. It is therefore particularly suited for long and quick travels and for touring-purposes. The car has two seats. A special hard-top can be supplied on request by Carrozzeria Touring. The low hood and the tapered fenders give the driver a perfect view of the full width of road. The Roadster 2 Liter can reach 126 m.p.h., thanks to its powerful engine, which is amazingly silent. The use of the 5 speed gear gives the car lightening acceleration. Its efficient heating system distributes warm air uniformly to all parts of the interior and effectively prevents icing and fogging. Over-riders rubber inserts and second chrome strip on side are optional.
